

Discovery Education

(Only for Mac)

1. Make sure all Web Browsers are closed.
2. Open Self Service (in Launchpad) 
3. Go to plug-in on the right side
4. Double Click on "Flip" or click install. (wait for it to finish installing)
5. Go to "discoveryeducation.com" and find the video you want to watch
6. Click play (A window will pop up and ask you to "trust Flip4mac" click trust.
7. Another Window will pop up that says "upgrade Flip4Mac" you can click upgrade or cancel.
8. You are now ready to watch Educational videos on Discovery Education

Troubleshooting

If Plug-ins is not in Self Service or if "Flip" is not in plug-ins Click on maintenance and double click on update inventory. If it still does not show up Please fill out a Work order leaving detailed description of the problem including the name of your computer and 5 Digit Asset Tag Number (blue Sticker on the bottom of your Mac.)
