Diversity & Education Solutions Presents:

GPS to Academic Success Workshop Series

Unlocking The Power of The Parent

Presenter: Michael D. Griffin, MSW- President and CEO of DevonshireSmith

Unlocking the Power of the Parent is a program that offers parents and families culturally relevant training designed to build skills and to produce confident and academically engaged students. Parents learn to build self-esteem, set high expectations, monitor performance, offer positive feedback, promote good academic skills and study habits, and encourage healthy physical and life-style habits.
