

# Using Casper Self Service

Through the Casper Self Service App other Apps or EBooks can be assigned for you to download

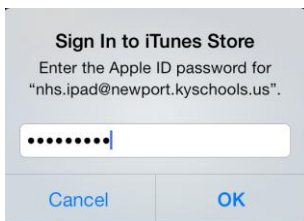

1. Find the Casper Self Service App on your iPad.
2. Make sure the App Store is selected at the bottom of the screen.

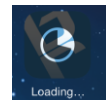

3. Tap the Install button next to the App that you want to install.
4. When the App description comes up, click the Install button again.

5. You will be asked to enter the password for your Apple ID to download

6. The App will appear on screen faded with a progress indicator - download times will vary.

7. When the App turns bright, it has been installed.
