

Dear Newport Family

Due to this week's events and the number of students and staff we have on quarantine we have decided to go back to all virtual instruction beginning Tuesday, January 19th. We feel this is the safest and best course of action for us at this time.

The good news is the district is scheduled to get the first vaccine shot on Saturday, January 23rd. We hope to have the 2nd shot by February 20th. The tentative plan is to continue all virtual instruction until Monday, February 22nd. We will let you know if things change.

Your school may reach out to you to do some small-group instruction during this time. We will still be providing meal service for our students. Please check the district website for delivery times and locations.

Thanks for your patience and understanding through all of these schedule changes. This has been a difficult time for all of us. We will get through this together. Have a great evening.

Sincerely,

Tony Watts
