Special Considerations for Districts with Targeted Support and Improvement (TSI) Schools

Districts with a school identified for Targeted Support and Improvement (TSI) must monitor and provide support to the school to ensure the successful implementation of the school improvement plan (703 KAR 5:280(11)). The local board of education must review and approve the revised school improvement plan for TSI schools (KRS 160.346(4)(a)) .

Monitoring and Support

Consider: Describe the district's plan for monitoring and supporting the school improvement plan of any school identified for TSI. Include in your response information regarding the process for local board review and approval.

Response:
